## HOTEL INFORMATION AND LOCATION GUIDE

Baker's School of Aeronautics is located 20 miles east of the Nashville airport. We are adjacent to the Lebanon Municipal Airport (M54). The Lebanon Municipal Airport accomodates and services a wide variety of commercial and private aircraft, with a 5,000 foot runway and several modern T-hangers and corporate hangers. The airport provides fuel and maintenance services, and rental car services are available.

The Nashville airport is about 25 minutes from Lebanon. The hotels have scheduled pick up times on Sundays at the Nashville airport. Please call the school for their schedules. The Hampton Inn is located about 200 yards from the school and does not provide transportation to and from school. The other hotels are located approximately 2 miles from the school and two of them provide transportation to and from the school daily.

The number listed beside each hotel corresponds with the location map on the reverse side to help you find the appropriate facility. You can find links to each motel's website on our website at [www.bakersschool.com](http://www.bakersschool.com).
